# Aim for the marbles

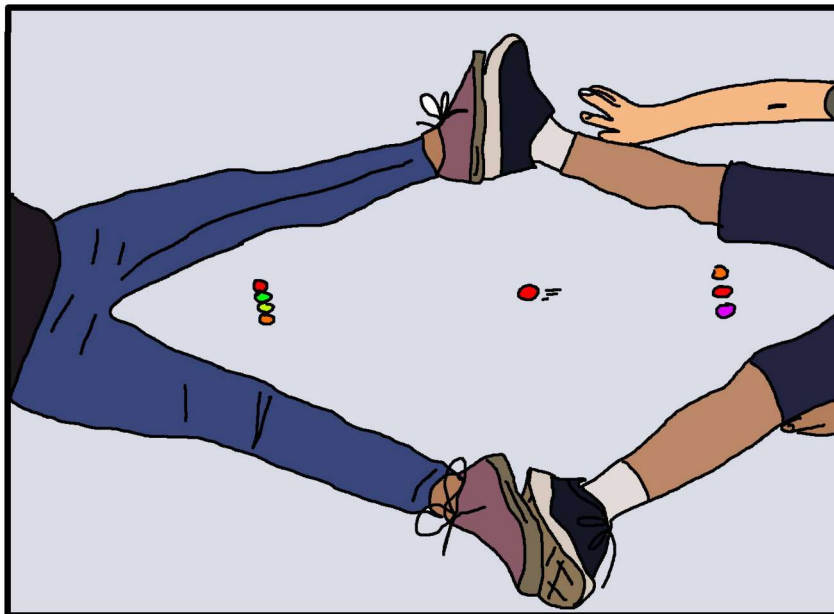

www.vanjufmarjan.nl - copyright 2024

2 people - 10 minutes.

Divide the marbles so that everyone has the same amount.

Sit opposite each other as shown in the photo.

One of the two places 4 marbles against each other.

The other now tries to hit the opponent's marbles with his marble.

If he is successful, he has won all the marbles.

If it is wrong, the other person can keep the marble and start aiming.
