Who is the burglar?

www.english.vanjufmarjan.nl - copyright 2023

This is a conversation game for primary and secondary school students. Simply practice questions and answers. Set of 30 character cards (numbered 1-30).

How to play:

1 Tell the class that a burglary has occurred and students must discover who the burglar is.

TELL: Yesterday at 10 p.m. there was a burglary at the Kramer family home. The police was immediately called to investigate the home and found some evidence. It had snowed yesterday and there were footprints on the ground in the snow.

2 Each card has a small number in the lower right corner (1-30) so you can easily identify them. Make sure you choose a number to be the burglar and write down that character's traits. Give each student a character card.

3 Tell students to look at their card and notice the number, but don't show it to anyone. Explain that you are going to indicate who the burglar is by using the number that can be on the character card. Or use the "Citizen" and "Burglar" cards by handing out 29 "Citizen" cards and 1 "Burglar" card with the character cards.

4 "Identify" the burglar by saying "Number 12 (or other number) is the burglar", so only one student (and you) knows he is the burglar, but must be secretive so the others don't notice. You don't have to say anything out loud when handing out the "Citizen" and "Burglar" cards.

5 Now give some information about the burglar

TELL: ...Police found evidence at the crime scene. The footprints are in shoe size 45 (choose your shoe size according to the burglar's character).

And they also found... -> insert some more information, choose two or three from the list of personal details on the card and write them on the board.

www.english.vanjufmarjan.nl - copyright 2023

Name: Jan Jansen (**DO NOT GIVE THIS INFO!!!**)

Age: Police found a birthday card that said "Happy 41st Birthday"

Occupation: A pay slip was found for....

Place of residence: The police invented a postcard....

Hobby: Two tickets were found for a dance evening....

Family: They found a family photo....

Pet: Bill from a pet shop.....

Shoe size: The footprints were the size....

6 Give each student a paper and pen or pencil. Tell your students to go around the class asking and answering questions about the other person's character about their own character and making notes about this.

(What is your name? What is your work? Where are you from? What are your hobbies? Are you married? Do you have any children? Do you have a pet?)

7 After a few minutes, some students should be able to figure out whose personal information matches the evidence on the board and identify the burglar.

Have fun!
